

Green Leaf Cafe - Loyalty Program

How It Works

Every customer who signs up for the Green Leaf Cafe loyalty program earns one point for every dollar spent, whether on coffee, breakfast, or vegan menu items. Points can be tracked using either a phone number or an email address at checkout, so no physical card is required.

Rewards

At 50 points, customers earn a free drink of their choice, including specialty coffees like the Dalgona Coffee or Golden Latte. At 150 points, customers earn a free breakfast item, and at 300 points, customers receive a Green Leaf Cafe reusable mug and a standing 10 percent discount on future orders.

Signing Up

New members can join for free at the counter during any visit, from 8:00 AM to 8:00 PM, seven days a week. There is no minimum purchase required to join, and points never expire as long as a customer visits at least once every 12 months.
